General financial advice

There may be times where Abingdon offers you general financial advice. You should note that general financial advice does not relate specifically to you and therefore may not be appropriate to your particular financial needs, objectives and financial circumstances.

You need to take this into account before deciding whether or not to act on it.

Personal financial advice

Abingdon and Maven Capital recommend that you should always seek the advice of a qualified Financial Adviser. If Abingdon provide you with personal financial advice your initial discussions with a Financial Adviser should be treated as a Fact Find and you may be required to complete a questionnaire that includes personal information (You can obtain a copy of the Maven Capital Privacy Policy by calling 07 5507 7721 or emailing compliance@mavencapital.com.au). This is important as every situation is unique to the individual and the advice you receive should be tailored to your specific needs and at all times be in your best interest.

This information will allow your planner to prepare a Statement of Advice ("SoA") which you will receive at the time or as soon as is practical after the advice is given. This statement will set out the advice, the basis on which the advice was given and any remuneration or other benefit that we, including your financial adviser and associates, may receive. We will also include details of any matter that might reasonably be expected to be capable of influencing us in providing this advice.

If you maintain a personal advice relationship with us, then generally we will not provide an SoA for further advice situations unless there have been significant changes to either your personal circumstances or the basis of the advice since your last SoA was provided. In these circumstances however, we are still required to keep a Record of Advice ("RoA"). You have the right to request a copy of the RoA at any time.

From 1st July 2021 we will be required by law to provide you with a statement of the services provided to you in the previous 12 month period. This will occur on the anniversary of the last Fee Disclosure Statement you received or the anniversary of the date you opened your account. This statement will include the Services that we contracted to provide, the Actual Services that were provides and the Fees we charged you over this period.

This statement will also request your written consent for us to deduct fees for the coming 12 month period and include what those fees will be (or a close estimate).

Documents you may receive from us

As well as providing you with a Financial Services Guide (FSG), you may also receive a Statement of Advice (as above) (SoA), a Fee Disclosure Statement (annually), Ongoing Consent Form (annually) and/or a Product Disclosure Statement.

Where appropriate, a Product Disclosure Statement will be issued by the product provider containing information you would reasonably require to make a decision about whether to acquire the financial product. The PDS will disclose details of any fees and charges payable for that product.

Information we need from you

Depending on the type of service being sought, we may ask you to provide certain personal information to your adviser, either in writing or verbally. This may involve a quite detailed process of both qualitative and quantitative data collection. Please ensure that your adviser becomes aware of any changes that may be relevant when advice is given in the future.

- **What Information Do We Retain About Clients** – We maintain a record of your personal profile which may contain details of your objectives, financial situation and needs. We maintain records of any recommendations made to you, together with summaries of meetings and transactions. All these records are our property and must be retained for production to the regulatory authorities upon their request for a period of 7 years. If you wish to examine our file, you should ask us and we will make arrangements for you to do so
- **What Are The Possible Consequences Of Not Providing This Information** – You are of course at liberty to decline to provide some or all of this information, but if you do not provide it, any recommendations we make may not be appropriate to your needs and objectives. In certain cases, your failure to provide information may place us in a position where we cannot provide any advice or any financial services to you.
- **General Advice Warning** – When we provide General Advice (whether or not we have a record of your personal details), our advice will not take into account your personal financial objectives, needs or circumstances and may therefore not be appropriate for you. As we indicated above, in such circumstances you must determine if our advice is appropriate for you.

The Corporations Act requires us to fully disclose all fees and charges directly paid by you and you will receive an annual statement confirming the fees you pay and the services provided. So, if you are in doubt please ask us to explain.

You may be charged a fee for the services we provide or we may be paid a commission or brokerage or a combination of the two may apply. All fees and commissions are payable to the Licensee (Maven Capital) and include the fees we pay for clearing and settlement for share trading where appropriate.

The level of charges will vary with the financial product being traded, the frequency of your trading activity, the type and level of service and the size of the transaction, All share trades would normally be subject to a minimum dollar cost which would apply if the brokerage calculated by any other method fell below the minimum figure. Once disclosed and agreed, these fees and commissions will be charged at the time your transaction is executed or the service is provided.

Under our arrangements with Authorised Providers for Securities trading the Authorised Provider will retain a maximum fee of 0.15% (Including GST) subject to a minimum of \$16.50.

The income earned by Maven Capital may come from:

- Brokerage paid to it by the Authorised Provider
- Commissions (including ongoing commissions) from product providers; and/or
- Fee for Service (non-asset value related)

Any such brokerage, fee or commission is receivable by Maven Capital as the AFS Licensee. For share trades, Maven Capital receives the brokerage you are charged after retention of a portion by the Authorised Provider as set out above. The brokerage fees are confirmed with you in writing at the time when your account is opened. The fee is charged at a rate of up to 2.2% (includes GST) of the market value of the transaction, subject to a minimum fee of \$93.50 (includes GST).

You may choose to enter into a fee based arrangement. This fee will be negotiated by you and us, and will be agreed in writing at the time when your account is opened and reviewed annually. The fee is calculated on a per annum basis and is charged monthly in arrears.
